

# Bowl Cozy

by Mindy Jacobs

Make washable, reversible, reusable bowl potholders for gifts or coordinate them with your kitchen décor. Keep several near the microwave—you'll reach for them often!

(They work for cold ice cream bowls, too!)

1. Cut out the fabric pieces according to the instructions.
2. Sew the pieces together to form the bowl cozy.
3. Press the cozy to set the seams.
4. Place the cozy over the bowl and adjust as needed.
5. Wash and dry the cozy as directed.
